Welcome to a flavorful journey of Vietnam's finest nature offerings!

Spices have always played a crucial role in the history of civilization, shaping culinary cultures and offering numerous health benefits. They are not only essential in cooking but are also widely used in home remedies and supplements. The significance of spices is evident in their pivotal role in international trade, a trend that continues robustly today.

Vietnam, with its fertile soil and unique climate, is a prime location for high-quality spices. This is reflected in both the country's rich culinary heritage and its vibrant trading activities. Understanding our regional advantages and the needs of global clients, VietGlobal Export proudly presents the finest selection of our signature spices. Our spices are sourced from the best regions, processed with the optimal methods, and certified for international export.

Vietnamese Cinnamon Cassia

Vietnam is globally known for producing high-quality Cassia cinnamon, especially from **Yen Bai** and **Lao Cai**. Grown in nutrient-rich mountain soil, Vietnamese cassia stands out with its **high oil content, bold aroma, and distinct sweet-spicy flavor**, making it especially preferred in the food, beverage, health, and cosmetics industries.

VGE's Cinnamon – From Farm to Market

Located in Vietnam's cinnamon heartlands, **VietGlobal Export (VGE)** works directly with farmers and local partners to ensure strict control over raw material quality. Our cinnamon products go through a meticulous processing system at VGE's factories - all under strict quality control and food safety standards.

This enables us to deliver high-quality cassia cinnamon to international clients across the Middle East, India, Bangladesh, ASEAN,...

We offer **a wide variety of cassia cinnamon** products, tailored to meet the diverse needs of our customers — from **food manufacturers** and **spice importers** to retailers and wholesalers.

Vietnamese Pepper

Vietnam is the **world's leading producer and exporter of black pepper**, renowned for its **bold heat, intense aroma, and high piperine content**. Vietnamese black pepper is a staple in the global spice trade.

VGE proudly delivers pepper sourced from **major growing regions like Dak Lak, Dong Nai and Binh Phuoc**. We partner with experienced farmers and cooperatives to ensure **consistent quality from harvest to shipment**. Our black pepper products are widely used in food manufacturing, seasoning blends, and spice distribution networks worldwide.

BLACK PEPPER

Our black pepper comes in varied densities, suitable for different order needs. Robust in flavor, our peppers are packed with an aromatic punch and multiple health benefits.

Vietnamese Star Anise

Sourced from the mountainous province of **Lang Son**, Northern Vietnam – one of the best regions for growing star anise – VGE's products are prized for their distinct star shape, high essential oil content, and warm, licorice-like aroma.

Harvested during the **Spring and Autumn crops**, the fruits are carefully hand-picked and sun-dried to preserve their natural color, aroma, and flavor. Our star anise is widely used in the **food, beverage, and pharmaceutical industries** for both taste and therapeutic value.

VietGlobal Export JSC offer a range of star anise products to meet different processing and formulation needs:

VIETNAMESE STAR ANISE

BLACK CARDAMOM

Grown in the cool, misty mountains of Northern Vietnam, black cardamom is known for its intense smoky aroma, camphor-like flavor, and deep brown pods. At **VGE**, we source cardamom **directly from ethnic minority farmers** using traditional harvesting and drying methods that preserve the spice's natural oils and bold character.

Black cardamom is widely used in savory dishes, spice blends, sauces, and herbal remedies. We offer both **round** and **long** varieties, with customizable grades based on pod size, color, and moisture content — ready for packaging, processing, or extraction.

Round diameter: 1 - 2 cm

Standard Packing:
 10kg/carton or 30kg/ PP bag
Type of container:
 8MT/20FT; 18MT/40FT

LONG BLACK CARDAMOM

Vietnamese Ginger

Ginger is a star spice known for its warm, spicy kick that enhances both culinary creations and well-being. With a peppery and slightly citrusy flavor, ginger owes its pungent taste to essential oils and compounds like gingerols and shogaols. As we move into the colder months, in-season ginger is particularly popular in winter dishes, offering both a bold taste and health benefits. Its warming, spicy profile makes it an essential ingredient in cooking and a traditional remedy for many ailments. The VietGlobal Export offers both fresh and dried ginger for diverse business needs.

FRESH GINGER

Cultivated in the rich, diverse terrains of Vietnam, our ginger offers a unique taste profile that sets it apart. Renowned for its robust flavor and aromatic qualities, our fresh ginger will add a fiery heat to any dish. Rich in antioxidants and anti-inflammatory compounds, ginger is celebrated for its powerful health benefits.

Size: 100gr up/ 200gr up

Characteristics:

Fresh & fragrant tubes.

No sprouts, no defects in shape.

Color: naturally yellow

Standard Packing:
